

BETTINI DAY

BIBBONA • 9TH - 10TH June 2007

"Bettini Day" will be a not-to-be-missed event for the **World Champion's** fans and cycling enthusiasts alike. It will give you the unique opportunity to ride alongside **Paolo Bettini** with your family whilst taking in the delights of the Tuscan countryside and trying some of the Tuscan specialities that only Bibbona and this area offer.

Saturday will be dedicated to a special **training session with Paolo Bettini** – a proper training session riding on roads where the "Grillo" grew-up in and around La California. Then on Sunday there will be the "**Bettini Day**" – a enjoyable non-competitive bike ride open to all enjoying musical moments, various shows and tasting the local Bibbona specialities – all of this in the company of the **World Champion**.

Two days **not just of bike riding**: lots of events have been organised suitable for all family members have been included in a special **Themed Tourist Package** that has been put together by the **Bibbona Tourist Office** in order to enjoy a relaxing weekend in harmony with both sport and nature.
