This project has been put in place with two streams in mind. Firstly to identify talent new to track cycling from either other cycling sports (BMX, road, mountain, cyclocross) or other sports (speed skating, XC skiing, ice hockey etc.) and secondly to provide a structured training camp for those with current track proficiency. Specific objectives include: expanding pool of female track athletes at National level and identifying athletes for specific team events (team pursuit and team sprint).

6.0 PROJECT ITINERARY

Camp will provide up to 3 hours of track time per day on July 13, 14, and 15, with several coaches overseeing both new riders and riders with current track experience. For riders with current track experience the camp will consist of a daily workout as well as some benchmark time/distance standard field testing. For riders new to the track camp will consist of learning to ride the track as well as some benchmark time/distance standard field testing and possible integration into first stream pending competency. Bike can be provided to riders without their own.

7.0 ACCOMODATIONS

Accommodation costs and logistics will be up to the athlete, should you need assistance please contact Petrina at track@canadian-cycling.com.

8.0 TRANSPORTATION

All athletes will be responsible for the logistics and costs of their own transportation in Burnaby.

9.0 PROJECT LEVY

Athletes are responsible for their own food, housing, and travel but all track time, coaching, and bike loan will be provided. Riders without a UCI licence (from other sports) will be required to sign a waiver and will receive a complimentary Burnaby Velodrome Club 3 day pass including insurance.
